SHOPIFY/WORDPRESS TEMPLATE

ASHLEY, HI! Your job posting caught my ATTENTION. CONGRATULATIONS on starting your online store. Hope it would be a great success.

I saw that you are looking for a shopify developer & designer to help you through with the nitty gritty stuff.

Couldn't be any more happier to work on your stores' design and development to increase the revenue.

Here's the similar work i did which you'd love to saw: "Link"

I had a great look at your store and i'd advise you to:

- Change the brand colors.
- Add more visuals.
- The copy and fonts are a little away.

Well don't worry. I'll help you fix it one-by-one. The turnaround for this task shouldn't be more than 3 days.

What would you say about a quick call to discuss more about the project?

I'm free this evening and tomorrow morning.

What does your calendar look like?

Best,

Mubeen!
